

Sacred Science

A three part series on the interrelation between science and Torah

Light & Torah: Can Two Contradictory Things Both Be True?
Analyzing contradictions in science and contradictions in Torah

Sunday, March 12th 11:30 AM

Presented by Dr. Andrew Goldfinger

An open Q&A with Dr. Goldfinger following the presentation

Dr. Andrew Goldfinger has a Ph. D. in theoretical physics, and a Masters Degree in counseling. He worked for 40 years at the Applied Physics Laboratory of the Johns Hopkins University. He is past chairman of the Space Radar Working Group of the International Society for Photogrammetry and Remote Sensing, and past Director of Space Technology Training for the Republic of China. Dr. Goldfinger has lectured internationally for the Aish HaTorah

Rabbinical College and for Gateway Seminars. He is also author of the book "Thinking About Creation: Eternal Torah and Modern Physics," published by Jason Aronson.

Can One Be a Rabbi Without Science?

The role of science in Torah study

Monday, March 20th 8 PM

Discussion led by Rabbi Singer

The Passover Story

Does G-d still believe in miracles?

Sunday, March 26th 10:30 AM
